BRYAN APPEALS
TO CONGRESS TO
AVERT CONFLICT

Urges Nation to Try His
Peace Plan Before War
is Declared

SENDS LETTER TO BOTH
THE HOUSE AND SENATE

Declares Metropolitan Press
is Lashing Country Into
Fury to Cause War

(ASSOCIATED PRESS TELEGRAM)
Miami, Fla., March 29.—William J. Bryan today addressed an appeal to the senate and house of representatives urging that an attempt be made to secure the suspension of Germany's ruthless submarine campaign through the application of the so-called Bryan peace plan which provides for an investigation of all disputes by an international tribunal before resort to war.

Mr. Bryan asked that congress also consult the wishes of the people through a referendum if it concludes that nothing but war will satisfy the nation's honor. Mr. Bryan's appeal to congress follows:

"Exercising the citizen's right of petition, I appeal to you. The dispute with Germany has passed beyond the domain of diplomacy and some advise settlement by the sword. The metropolitan press, which tried to prevent the re-election of the president and failed, undismayed by a popular verdict of more than one-half million, now seeks to lash the country into a fury and urges the government to take part in the European conflict.

"To you, and to you only, is given constitutional authority to declare war—war which in this case may mean the signing of the death warrant of thousands, even millions of your countrymen and the laying of grievous burdens upon the future generations. Before you take this blood upon your hands, consider, I pray you, first, that the wrongs which you would punish, cruel and unjustifiable as they are, are not intended primarily against this country, but are acts of desperation directed against other nations with which the offenders are at war. Second, that our land is not threatened.

COURT ENJOINS
I. N. S. FROM USE
OF A. P. MATTER

(ASSOCIATED PRESS TELEGRAM)
New York, March 29.—The application of the Associated Press for writ of injunction restraining the International News Service from appropriating complainant's news at any time prior to publication by complainant's members, was granted by Judge Austin M. Hand, in the federal district court today.

As to the right of the complainant to an injunction restraining the defendant from the appropriation of complainant's news after publication, the court states as follows:

"While I am personally satisfied after giving the matter most deliberate and careful consideration that the right exists to prevent the sale by a competing news agency of news which is taken from early publication of complainant's members before a sufficient time has elapsed to afford opportunity for general publication and that the existing practice amounts to unfair trade, yet the matter is one of first impression and my decision cannot be regarded sufficiently free from doubt to justify the granting of preliminary injunction upon this branch of the case."

The effect of this opinion is to leave open for decision upon the final hearing the question whether the Associated Press is entitled to an injunction against the appropriation by the International News Service of news after its publication by the members of the Associated Press.

MILITIA GUARD FIRES
ON BRIDGE TRESPASSERS

(ASSOCIATED PRESS TELEGRAM)
Toledo, March 29.—A naval militiaman guarding a railroad bridge here today fired the first shots at trespassers since the guard was established. Three trespassers refused to leave the bridge promptly. It is believed that they did not understand the property was under military guard. They fled when the soldier fired. The bullets went wild.

GERMANS CHARGE
RELIEF WORKERS
SERVED HER ENEMY

(ASSOCIATED PRESS TELEGRAM)
Copenhagen, via London, March 29.—There has been a noticeable absence of comment in the German papers of the last few days on the news of American war preparations. The papers have printed various dispatches, some from New York and others from the Anglo-French press but generally without comment. The tone of the headlines alone indicates the increasing certainty that war is inevitable.

The news of the recall of the American representatives on the Belgian relief commission has, however, stirred the editorial writers into breaking their silence. The Tages Zeitung attacks the American commissioners sharply, declaring that they were steadily working in English interests and furnished a regular channel for the transmission of military news from Belgium. This paper retorts to American criticism of the interruption of Brand Whitlock's communication by referring to Count von Bernstorff's use of the wireless by the American government.

An inspired explanation which appears in the German papers in regard to the sinking of relief ships is that they entered the prohibited zone where safe conducts are invalid.

AMERICANS ON VESSEL
SUNK WITHOUT WARNING

(ASSOCIATED PRESS TELEGRAM)
Washington, March 29.—The British bark Neath from Muretus for Havre with sugar, was torpedoed without warning at 8:45 a. m. Tuesday, 23 miles southeast of Farnet, according to state department reports today from Consul Frost at Queenstown. Two Americans, Clarence Bloom of San Francisco and Peter Webster, negro seaman of Pensacola, Fla., were aboard the Neath, but escaped together with other members of the crew, without loss or injury.

Atlanta, Ga., March 29.—A "bone dry" bill, barring liquor absolutely from the state, except for medicinal, mechanical and sacramental purposes, has been passed by both houses of the Georgia legislature and Governor Harris is expected to sign it shortly. The legislature, which was called primarily to consider "bone dry" legislation, then adjourned.

The bill prohibits the possession of liquor even for personal use and its transportation into or within the state.

GERMANS STRIKE
BACK AT FRENCH
EAST OF RHEIMS

Drive French From Advanced Trenches Says a Paris Report

DIVERT NIVELLE FROM
ST. QUENTIN ATTACK

British Still Successful In Cavalry Attacks Further North On This Line

(ASSOCIATED PRESS TELEGRAM)
New York, March 29.—The Germans are striking back in Champagne in a determined effort to divert General Nivelle from his ceaseless pounding at the base of the shaken Hindenburg line. The scene of the counter offensive launched by Field Marshal von Hindenburg is along a fifteen-mile front, starting about 25 miles east of Rheims. Attacking in force in this sector the Germans have driven the trench from some of their advanced trenches but have failed so far to make a serious impression on the defenders' lines.

In the meantime the iron semicircle which General Nivelle has thrown around the southern half of the great St. Gobain plateau is steadily contrasting. If the French maintain their present rate of advance it can only be a matter of a very few days before the entire plateau is in their grasp, removing the last great natural barrier to Laon.

The British are moving forward steadily to the north but the fact that they are capturing villages with cavalry indicates that they are not yet in contact with the main German forces. The most advanced British outposts are still ten miles from the Cambria line, where allied observers have assumed the Germans propose to make their real stand. Military critics in Paris and London are reverting to the belief that the present German retreat is only part of the plan for a retirement on a tremendous scale to the Belgian border. In support of this theory it is pointed out that the withdrawal from the Novon Bapaume salient is rapidly forcing the whole German line into the form of an immense U.

U-BOATS REPORTED
OF MONTAUK POINT;
NAVY IS ON GUARD

(ASSOCIATED PRESS TELEGRAM)
Washington, March 29.—Reports from unofficial sources telling of submarines off Montauk Point, N. Y., were said today to have been received by the navy department. The same reports were given to naval commanders of shore stations in the vicinity and the department understands that what ever precautions may be necessary to guard against submarine attacks have been taken by them.

The two vessels which, according to published reports were supposed to be German submarines off Long Island were American patrol boats, Rear Admiral Usher, commanding the New York navy yard, said today.

NAVY CLASS GETS
DIPLOMAS THREE
MONTHS EARLIER

(ASSOCIATED PRESS TELEGRAM)
Annapolis, Md., March 29.—The class of 132 midshipmen commissioned at the naval academy today three months ahead of the time of their regular graduation were told by Secretary Daniels that the nation expected them to be ready "for the day that may come—how soon, who can tell?"—when upon their coolness and knowledge and leadership and ability to shoot straight may depend the fate of a decisive naval engagement.

The secretary spoke as the representative of President Wilson who had been asked to deliver the graduation address but had found it impossible to come because of the international situation.

"I bring you the greetings of your commander-in-chief, who sends you a message of confidence and bids you god speed," said Mr. Daniels. "His heart is with you today. He does not, however, feel warranted in making an address in the present condition of public affairs even to the graduates of this institution to whom he would have to unburden himself."

"You are to receive your commission on a day when nearly all the world is on a vortex of war and no people can feel that they may not be drawn into it. Your own country faces a crisis. In this emergency the president, who has declared his belief that the American navy ought to be incomparably the most adequate navy the world in the exercise of a discretion vested in him, will commission you three months in advance of the usual period. That fact alone emphasizes the significance of your early graduation."

"Whatever in addition to steps already taken by placing armed naval guard in merchant ships, this country may be called upon to do its chief and first reliance will be upon the navy."

Egyptian Troops Push Forward to Protect the Construction of Railway

(ASSOCIATED PRESS TELEGRAM)
London, March 29.—The British army in Palestine has defeated a Turkish army of 20,000 men capturing 900 men, including a general and the entire divisional staff of the Fifty-third Turkish division in Palestine. It is announced officially. The official statement says that British troops have advanced for a distance of fifteen miles along the southern Palestine coast of the Mediterranean. The British forces have pushed forward from Rata to the Wadi Ghuzze, a river five miles south of Gaza (Ghuzze). Gaza is twenty miles north of the Egyptian-Syrian boundary.

The official statement reads "Telegraphing yesterday the commander-in-chief in Egypt reports that we advanced our troops fifteen miles from Rata to the Wadi Ghuzze, five miles south of Gaza, to cover the construction of a railway."

"On Monday and Tuesday we were heavily engaged in this neighborhood with a force of about 20,000 of the enemy. We inflicted very heavy losses on him, taking 900 prisoners, including the general commanding and the whole division of staff of the 53rd Turkish division. This figure includes four Austrian officers and 32 Austrians and Germans of other ranks. We also captured two Austrian 4.2 howitzers.

"All the troops behaved splendidly, especially the troops of the Welsh, Kent, Sussex, Hereford, Middlesex and Surrey regiments and the Anzac and Yeomanry mounted troops."

G. O. P. QUINTET IS
IN THE RUNNING FOR
STATE LEADER'S JOB

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 29.—United States Senator Warren G. Harding, former Governors Myron T. Herrick and Frank H. Willis, Rud K. Hynicka of Cincinnati and other Republican party leaders were meeting here today to complete the Republican permanent organization in the state.

Senator Harding said that when congress meets next week will act in accordance with whatever recommendations President Wilson may make regarding the expected declaration of war and will provide promptly for universal military training and call for volunteers.

Mr. Harding endorsed the proposed military census for Ohio and the action of the Ohio legislature in providing promptly for defense of the country.

Former Governor Willis expressed the hope that the country would not become involved in war. For my part I do not hope to see the Ohio boys in the trenches of France," said Willis.

The Republican advisory committee was expected to select a permanent headquarters chairman. Members of the committee said they went into the conference with open minds as to who this man should be, Frank H. Riegard, minority floor leader of the house of representatives, George Stauffer of Putnam county, secretary of the board of agriculture, George Clark of Canton, Charles E. Hard of Portsmouth and Charles Hatfield of Bowling Green, were being considered.

NEW RECORD IS SET BY
MAY WHEAT IN CHICAGO

(ASSOCIATED PRESS TELEGRAM)
Chicago, March 29.—Wheat for delivery next May today sold at 1.97 1-8, the highest price since the beginning of the war in Europe. At the close yesterday May wheat sold at 1.94 1-4 to 1.94 1-2.

PRESIDENT ASKS
QUICK ACTION BY
HOUSE LEADERS

Anxious to Get His Message Before Congress Soon As Possible

HOUSE WILL GET FIRST
CRACK AT RESOLUTION

Public Fully Informed of Present Crisis Except On the German Plots

(ASSOCIATED PRESS TELEGRAM)
Washington, March 29.—President Wilson was said today to be hopeful that the house of representatives will rush its organization plans so that there will be no delay in affording on the war situation to a joint session with the senate. No matter how the final organization is perfected, administration leaders are anxious that if a prolonged fight is in prospect, some sort of an arrangement be made for temporary organization to permit the President's appearance Tuesday or Wednesday. These officials feel that public opinion will not support a long struggle over organization and committee patronage at such a critical time.

The resolution for congressional action to comply with the President's recommendations probably will be considered first in the house, leaving the senate to take it up later. The house foreign affairs committee now is drafting various forms of resolution to meet the executive recommendations. Another reason for original house action is the probability that the resolution will carry an emergency appropriation. Appropriation measures must originate there.

The peculiar situation in the senate foreign relations committee, with Chairman Stone opposed to action which would lead to war, and the resolution of Senator Hitchcock, the next ranking Democratic member, to steps further than an armed neutrality manifest, was another factor in the tentative plan to have the resolution originate in the house.

The President has received recommendations from several cabinet (Continued on Page 2, Col. 4.)

DON'T NEGLECT KIDNEYS

Swamp-Root, Dr. Kilmer's Prescription, Overcomes Kidney Trouble.

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

The kidneys should receive some assistance when needed. We take less exercise, drink less water and often eat more rich, heavy food, thereby forcing the kidneys to do more than nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brickdust or sediment, sallow complexion, rheumatism, maybe weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root. There is nothing else like it. It is Dr. Kilmer's prescription used in private practice and it is sure to benefit you. Get a bottle from your druggist.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Newark Daily Advocate.

right angle. The upright of this angle runs north and south for 120 miles from Neuport on the Belgian coast to Louvain. The horizontal runs for about an equal distance east to the Lorraine border. British operations in Palestine are indicated by today's reports to be progressing successfully on a large scale, with the British forces closing on steadily on Jerusalem.

On March 7, a British column was reported within 40 miles of Jerusalem at El-Chaili or Hebron, about 35 miles inland. This column has evidently been supported by a stronger army, advancing up the Mediterranean coast where it can be munitioned and supplied by water. The coast army, moving northward from Rafah, has pushed up the Mediterranean shore to within five miles of Gaza, the historic town of Bible times. Gaza is almost directly west of El-Chaili, bringing the British front up to a straight line apparently across nearly the entire breadth of Palestine between the Mediterranean and the Dead Sea. Forty miles north of Gaza is Jaffa, the port of Jerusalem whence a railway line runs to the capital.

The British report shows the army now near Gaza to be engaged in constructing a railway, apparently to facilitate its advance or its operations further in the interior of Palestine. It has defeated a Turkish army of 20,000, capturing a general and whole divisional staff, together with 900 men including several Austrian couriers and Austrian and German of the rank and file of two Austrian 4.2 inch howitzers.

Today's official reports from Paris and Berlin show little change in conditions in the field of the German retreat on the French front.

Heavy fighting is continuing in the Champagne region and the French are reported by Berlin to have attempted an extensive attack northwest of Verdun. This latter move, a sweeping assault on hill 304, is declared to have failed, while in the Champagne the French are said to have been frustrated in their attempts to recapture the trenches they recently lost.

GERMANS ENTRENCHED ON THE WESTERN FRONT

(Associated Press Telegram)

London, March 29.—The Germans are now entrenching along the front over which the French and British have been advancing, according to a statement made to the Associated Press today by Major General F. D. Maurice.

General Maurice, who is chief director of military operations at the war office, said that whether the positions taken up by the Germans formed the much advertised Hindenburg line would not be revealed until the French and British armies had brought up their heavy artillery.

BRYAN APPEALS TO CONGRESS TO AVERT CONFLICT

(Continued From Page 1)

ened with invasion, but that we are asked to go three thousand miles for a chance to fight. Third, that we have not the excuse for going to war that the European nations had. They had no machinery for peace; we have a peace plan offered by this nation to the world and now embodied in thirty treaties with three quarters of the population of the globe. The plan has the endorsement of the president, the commendation of the senate and the approval of the people at the polls. It provides for investigation of all disputes by an international tribunal before resort to war.

"Fortunately these treaties compel us to employ the plan with Great Britain, France, Italy, and Russia before going to war with them. Germany formerly approved the plan, although no treaty has yet been concluded with her. Shall we repudiate our own plan the first time we have an opportunity to employ it? If, as the president recently declared, the American people do not want war, is it not worth while to try the peace plan before bringing upon the people the horrors of war? Until an attempt is made and fails, no one is able to say that it would be impossible to recur the suspension of 'ruthless' submarine warfare during the investigation for which the plan provides. Shall we deny to ourselves the credit of trying to settle the dispute with the treaty plan?

"And is it not worth while to do our part in trying to avoid injury? Would it not be better, as well as cheaper, for the government to carry on its own vessels such American's must go to Europe rather than engage in war to vindicate the right of citizens to disregard all risks and ride upon belligerent ships?

"Is it not worth while to separate passengers from contraband cargoes so that the captains of passenger ships can give their entire attention to the safety of passengers? Our nation is the world's foremost advocate of peace. If we go to war it should be for a cause which history will justify.

"If you reach the conclusion that nothing but war will satisfy the nation's honor, is it too much to ask that by a referendum you consult the wishes of those who must, in case of war, defend the nation's honor with their lives?

"As one who expects to live up to a citizen's duties, if war comes, I pledge with you to use all honorable means to preserve peace before you take the responsibility of plunging our beloved land into this unprecedented struggle, begun without any sufficient cause and conducted by both sides in utter disregard of the well settled rights of neutrals."

COUNTY OFFICIALS IN SHEARING CONTEST ON SQUARE; PITY THE SHEEP

A sheep shearing contest is being arranged by the county commissioners for a cash prize the same to take place on a raised platform on the south approach to the court house. It is also said that there may be quite a little sum wagered on the outcome by friends of the three contestants who will enter, they being Supt. James Lucas of the county infirmary, Supt. Harvey Orr of the children's home and Sheriff Chas. H. Swank. All claim to be expert shearers and state that they had no rivals for honors in their younger days upon the farm. Sheriff Swank states that when he starts it takes a couple of men to tie for him. Mr. Orr is said to shear so fast that he keeps a couple men busy bringing him new shears while Mr. Lucas just smiles and states that when the time comes he will be the only one in the race. The contest is being awaited with much interest.

members on points to be included in his address and is now preparing it in a preliminary way.

The final cabinet meeting before the assembling of congress will be held tomorrow and members will be ready to report fully on preliminary preparedness measures.

The American public in a general way, has as much information bearing directly on the present crisis between the United States and Germany, as the government itself, it was ascertained definitely today. Regarding the plots, however, the government has considerable information which it so far has deemed wise to disclose.

Further steps to expedite measures affecting the national emergency were taken today when democratic and republican house leaders agreed tentatively to introduce appropriation bills which failed to get senate action at the last session, in the same form as they passed the house and to rush them through the house under suspension of rules.

Several government agencies and labor leaders are to work on details of plans to supply adequate labor for government service in case of war.

Four additional regiments of national guard, being mobilized today for federal service, brought the number of guardsmen ordered out for police duties, in their respective states to fifty thousand.

The navy today gained 132 additional men for officers by the graduation of the senior class of midshipmen from the naval academy at Annapolis, three months ahead of the ordinary graduation date.

STARKWEATHER HUNTS AND FISHES IN WEST

Charles Starkweather, well known oil and gas well driller, has returned from Kansas, where he had the contract for a number of wells. He states that he enjoyed some excellent fishing in the Kaw, Arkansas and Pawnee Fork rivers as well as fine hunting in the Neosho valley. Kansas streams, he states, are fed by perennial springs, and the season which he traversed was well "watered." He brought back with him specimens of beautiful magesian mussels, known as delonite and which can hardly be distinguished from white, gray or cream-colored marble. Mr. Starkweather also visited the lead mines and the extensive salt works at Solomon City and the big packing houses of Kansas City. He drove through from this city last all in an automobile and returned over a different route, finding the roads in some places impassable.

FIND GROUND GLASS IN BANDAGES FOR RED CROSS

New York, March 29.—Instances of ground glass in bandages prepared for the American Red Cross have been discovered, it was declared today in a statement from the organization authorized by Albert W. Straub, director of its Atlantic division.

MRS. EDWARD SCHALLER.

Mrs. Edward Schaller, aged 54 years, died at her home, 22 Eighth street, at 12:45 o'clock this afternoon, after an illness of several months. Death resulted from a complication of diseases.

She is survived by the husband, and two children, Edward J. Schaller and Louise Schaller, both of the home.

Funeral services will be held at St. Francis de Sales church on Saturday morning, but the time of the services has not been arranged. Interment will be made at Delaware.

Paint Will Make Your Place Pleasing to Eye

PAINT makes store fronts more pleasing and entrances more inviting, just as the uniform makes the soldier seem twice a hero. A liberal use of paints, oils and varnish in the business world brings back the money taken from the purse for their purchase many times over. They are the elements of business prosperity and growth, and these are magnets to all.

If the merchant is prosperous it is good wisdom that he should let the people know it, and then, by a rule as sure as the workings of mathematics, he will have more prosperity. And the merchant who is not doing quite so well would be equally wise to furnish up his place and make it put on the gay, bright air so generally characteristic of the headquarters of successful enterprises.

"Have you had many cases in which you have given up all hope?" asked the young doctor. "Not until I have placed them in the hands of a college trained agency," replied the old practitioner.

Lucy Gates

sings the most exquisite record ever made of the "Nightingale Song"

Columbia Record A5937, \$1.50

THE golden soprano of Lucy Gates has won her operatic triumph after triumph in England, Belgium, Germany, Austria, Switzerland, and the land of her birth, America. And now the beloved prima-donna has made a recording of "The Nightingale Song" that is the one most beautiful interpretation of which a record has ever been made.

Voice of Gold and Human Nightingale

You hardly know which to marvel at the more: the beautiful voice that deepens to a thrilling, gloriously tender tone in the phrase "Once Again!"—the call to the nightingale to sing—or at the response of the "nightingale" itself.

Never such bird-notes from human source as come from the lips of little Miss Fagan! From low, sweet trilling to joyous burst of song, they have all the woodland beauty of the ecstatic bird-call that poets have sung about in every age.

A Record You Will Love

Whatever your taste in music may be, no matter how simple or highly critical, this record is almost sure to be your favorite. Whether for the sake of the exquisite voice or the phenomenally gifted little whistler—whether "The Nightingale Song" appeals to you most or "Listen To The Mocking Bird," on the other side—you are sure to find this record a rare treat and delight.

It is a record to play to your friends, to hear when you are alone in the twilight, to bring joy to the children—to be the one record of which you'll never tire! Hear it today at your Columbia store—"Hearing is believing!"

ROUTING RHEUMATISM FROM THE JOINTS AND MUSCLES

For 26 years Dr. S. Whitehall, of South Bend, Ind., has been demonstrating that it is needless for any human being to suffer with rheumatism. He has devised a treatment for rheumatism whereby many thousands of men and women have limbered their stiff joints, taken soreness and swelling out of leg, arm and back muscles and stopped the shooting pains and terrible aches. These people feel grateful to Dr. Whitehall for the great good his wonderful rheumatic remedy has done.

Dr. Whitehall's Rheumatic Remedy has a national reputation. It is believed in because it has proven a friend in need. It has done more for suffering humanity than rheumatic plasters, liniments, salves, oils and baths. This great remedy gets right to the very source of trouble and its mission is to dissolve and eliminate rheumatic poisons, ease pain, take out soreness and swelling and limber stiff joints.

Dr. Whitehall's Rheumatic Remedy can be had at any drug store for only 50c a package. The price is well within everyone's reach and no man or woman should suffer longer when relief is so near at hand.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feed young—do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy, which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

BELIEVE CHORUS HERE WILL BREAK PREVIOUS RECORD

The big tabernacle between Fifth and Sixth streets to be used for the Bromley meetings is nearing completion. It is about ready for the roof. On account of the general scarcity of help the number of workers on this tabernacle has been only about 1-3 as large as on the Lyons tabernacle four years ago. The work of the various committees is making strong headway. Reports show that 326 persons attended neighborhood prayer meetings Tuesday evening and the committee, headed by Rev. Robert Northey, has a goal set for 1,000 in attendance before the meetings begin. Friday evening, prayer meeting will be held at the First Presbyterian church at 7:30 o'clock. At 8:30 o'clock on Friday evening, all members of the tabernacle chorus will meet with Mrs. Chandler Tucker, chairman of the committee, at the First Presbyterian church. Dr. B. H. Shaddock believes that all previous records regarding the mobilization of a chorus will be broken in Newark. Prof. Wileand will have his first rehearsal with the chorus Saturday night, April 7.

NEWARK MAN KILLED AT DETROIT, MICH.

A special to The Advocate from Detroit, Mich., announces the tragic death of Joseph Willis Hunt, formerly a resident of Newark. Mr. Hunt and Thomas Rigney were killed and William Chapman was probably fatally hurt when the wall of a building collapsed.

Joseph W. Hunt, son of Townsend and Mary Hunt was born August 8, 1865. He was united in marriage to Mrs. Alice McDowell. He leaves besides the widow two sons by a former marriage, William of Buckeye Lake and James R. of Columbus. A daughter Ruth is dead. The Detroit message says:

Two men were killed and one was probably fatally injured when a wall of a building adjoining the Coliseum theatre, Field and Jefferson avenues, collapsed. The building was being remodeled for use as a dance hall in connection with the theatre.

The two men killed were Joseph Hunt, 52 years old, of 126 East Adams avenue, and Thomas Rigney, 28 years old, who came from Sidney, Australia. William Chapman, 25 years old, a negro, suffered a crushed chest and internal injuries which will probably result in his death.

It is said that the wall, below the river side of which the three men were working, had not been built on a secure foundation. The cement blocks were still damp when the side gave way and buried the men beneath.

There was no warning and Hunt and Rigney were completely buried so that it was only after almost an hour of toil that they could be removed.

By some miracle both men lived until they were removed from the debris, but died almost immediately afterward. Chapman, who had been working a little farther from the wall than the others, was removed first and sent to the hospital in the police ambulance.

Inspector Parker investigated the accident and will hold an inquest. Chief Building Inspector Henry A. Dupont also inspected the scene of the collapse and will conduct an investigation.

District 3—Territory bounded on the east by Church street, then by city limits. Miss Mount in charge.

District 4—All of Fourth ward except part of Main street, included in District 3. C. H. Gaudin in charge.

District 5—Territory lying north of North street to city limits, east to river, including territory north of corporation line east and west of river. In charge of Ed Hebbson.

NEWARK BRANCH A. F. F. W. DOES SPLENDID WORK

The Newark branch of the A. F. F. W., an organization of women who have been making and preparing hospital supplies for the wounded in the war, will doubtless be merged into the work of the Red Cross as the need in our own country arises.

The organization meets at the Y. M. C. A. building on Friday afternoons in each week. It has already sent large consignments, the latest one having just arrived at its destination on the steamship, "Rochambeau." By the work already done, the women have familiarized themselves with many of the duties of the Red Cross work and made themselves efficient for splendid service to our own country. This means also that leaders for several such organizations in our city, when war has been declared, will be provided.

The organization is very grateful for the many supplies donated to their work by the drug stores of the city.

NAVAL TRAINING STATION TURNS OUT 1,000 A MONTH

(Associated Press Telegram) Lake Bluff, Ill., March 29.—Sailors at a rate of nearly 1,000 a month are being turned out at the Great Lakes Naval Training Station, here according to reports just made public. In the last few weeks recruits have been received at an average of sixty a day. As a result accommodations have been pressed to the limit and more than 800 are sleeping in tents. The course of training, usually four months, has been reduced and the men are being sent to sea as rapidly as they can be made fit. A class of 450 will leave tomorrow for "somewhere in the east."

In addition to the recruits received from throughout the west and middle west preparations are being made for the training of short course units composed of students from a number of mid-west universities.

HOME FROM SOUTH.

Editor of The Advocate:—I wish again to thank you for The Advocate you have regularly mailed us at Miami, Fla., since the middle of January, with the exception of the last which we received at Jacksonville. Now I wish to have its Southern journey discontinued and directed at my door 141 West Main street on our arrival home Friday, March 30. It may be of interest to know that the papers journeyed over 1200 miles, requiring three or four days before reaching us, so you can see that the dates are old but the news is all late to us. We have enjoyed the tropical climate at Miami very much indeed and it did seem out of place to consider it winter time. We will be glad to see our friends on our arrival home.

EVERY RAILROAD MAN SHOULD READ THIS

Peterson Bros. Dear Sirs: I was afflicted with what the doctors said were "eczema" eruptions, and up until about five weeks ago I have been treating them for about a year and five months. With all the treatments that were prescribed to me by several doctors I received little benefit, and then kept spreading and gave me much distress and caused me to quit my work.

I was induced by a brother brakeman to try Peterson's Ointment, and after using two boxes I saw the wonderful results. You can tell suffering ones troubled with ugly, painful and horrid sores that your ointment is a cure for them when everything else fails, as I have tried almost everything.

Thinking you many times over, I am, your happy friend, this I certify, Battle Creek, Mich., 42 Glenwood Ave., Jan. 12, 1917.

"I know and dozens of people write me," says Peterson, "that Peterson's Ointment also cures eczema, old sores, salt rheum, piles and all skin diseases, and I have cut into drug stores selling a big box for 25 cents."

LUCKY STRIKE cigarette

IT'S toasted. The Burley tobacco in this delicious new Lucky Strike cigarette is toasted.

And you know how toasting does add flavor. Close your eyes and think of one crisp, brown slice of hot, buttered toast. Flavor is the word, isn't it?

This new application of an old idea has given you a new cigarette. You smokers have certainly been wanting a ready-made Burley cigarette. At first it couldn't be made; flavor didn't hold. But five years' study brought us to the toasting principle, by which we are able to hold the Burley flavor.

So now, try Lucky Strike, the real Burley cigarette; the tobacco—it's toasted. And the flavor—you'll certainly love it!

Entered as Second Class Matter

March 10, 1882, at the postoffice at

Newark, Ohio, under the Act of March

4, 1879.

So far Germany has not required

us to pay for the torpedoes which it

takes to sink our ships.

After being fooled by his wife,

the average man is convinced that

April Fool's Day jokes are the resort

of little minds.

When prices went up, meat hash

became mostly potatoes, and now

both meat and potato have nearly

disappeared from it.

In less than a month the ball

nines will be starting for the season,

engaged in a close and exciting race

for the cellar position.

Another case of a strategic retire-

ment to carefully prepared positions

takes place when the mischievous

boys hear the police coming.

No American ship having been

sunk for 24 hours, some of our peo-

ple are convinced that Germany is

surely going to be good now.

The dogs and the chickens of the

neighborhood, and all insect pests,

look upon all these gardening pen-

arations with profound satisfaction.

The state of Massachusetts has

voted a million for defense. Accord-

ing to the 80 million a day standard,

this would run modern war just 48

minutes.

With the scarcity of housemaids,

the impertinence and lack of re-

spect which so many women have

shown to their servants has disap-

peared.

A tremendous demand for seeds

of all kinds is reported, but it is

not sure that there will be an equal

demand for those to keep them clear

from weeds.

After putting stocks down so as

to get ready to put them up again,

the stock market brokers will

proceed to put them up in order to get

them down again.

It is claimed the Germans, by re-

treating, completely upset the

allies' plans for the spring offensive.

Similarly in the Cuban war, Spain

upset our offensive plans by surren-

dering.

WAR AND UNITY

In view of the probability that

the United States will to some ex-

tent enter the war, it behooves the

American people to reflect very

carefully how they can take their

share of it most effectively. The

mistakes of the past are irrevocable,

but the mistakes of the future

could be avoided.

One reason why both Germany

and France have made such a splen-

did military showing, is that both

peoples have been united. In En-

gland it has been different. The

controversy over Ireland has broken

the spirit of unity. For other causes

and for a long time, large classes

of the population were indifferent. Not

until the Zeppelins were sent over

as missionaries for recruiting, and

until the submarines introduced the

gaunt specter of hunger, was there

unity. When that spirit came,

things began to move.

It is hard to get unity in a demo-

cratic country. We draw our blood

from every race strain. Some of

our ancestors are democratic by

nature, others monarchic and imper-

ial. The people whose sympathies

are not wholly with us should re-

member that they are here on suf-

ferance. Fortunately there are

comparatively few, and will be

fewer.

REMOVE THE ROOTS OF SUPERFLUOUS HAIR

(Entirely New Method)

"Seeing is believing." When your own eyes see the roots come out, you know the entire hair is gone, not merely the surface hair. You know that hair can never return. You know that the new hairless method removes superfluous hair completely—roots and all—without the least injury, leaving the skin soft, smooth, hairless. You do the work in a jiffy in your own home without assistance. It does away with numerous and expensive visits to the electrolysis expert. Does away with depilatories or shaving at frequent intervals. Nothing like it ever known before. Perfectly harmless, odorless, non-irritating. Get a stick of phenacetin, follow the exact instructions, and if not entirely satisfied the druggist will refund your money. Advertisement

THE "PARTICULAR WOMAN" MAKES A DISCOVERY

She Finds Out That the Secret of Attracting Men Is Not Much of a Secret After All—You'll be Interested in Her Experience.

"When a woman is determined to find out anything she generally succeeds, even if it takes her several months to do so. (On the other hand, if a woman discovers something unusual—in the way of clothes—she can be secretive.)

"I preface the little account of my successful Spring shopping trip with the above remarks because that was the situation in which I found myself. A very good friend of mine had been wearing exceedingly smart clothes and had boasted of the fact that they had cost her very little. But where she got them was a fact which she would not disclose. Of course, I was almost consumed with curiosity—to say nothing of being envious. The result was that I decided to make a complete tour of all the small and large shops of Newark.

"However, one day at the matinee, I overheard a conversation. 'Did you get that lovely new suit at So-and-So's in Columbus?' 'No, indeed, I did not do such a foolish thing—I got it for \$18.75 in the Suit Department at Davies'.

"The next morning I went to the Davies store. Then I, too, had entered into the secret of how a woman can dress economically. I must confess that I was agreeably surprised, as I had been in the habit of going to another store and never taking the time to look around. I'm converted from now on, and I advise those who are seeking style exclusiveness, at a moderate price, to look at the Davies' showing before making a hasty and unwise selection.

HOW TO MAKE BATH BUNS.

As Well as a Recipe For Sweet Milk Rolls That Excel.

To make bath buns take one pound of dry, sifted flour, one cake of compressed yeast, half a cupful of lukewarm milk, half a cupful of sugar, three-quarters of a cupful of softened butter, a pinch of salt, grating of lemon rind, four eggs. Soften the yeast in the liquid and stir it into the flour to make a sponge. Add the other ingredients, knead for half an hour, add more flour if required, but keep the dough soft.

When risen to double its bulk in a covered pan in a warm place shape into balls, brush over with sugar dissolved in milk and bake for about twenty-five minutes in a moderate oven. Brush over again and sprinkle with crushed lump sugar. Stand in the oven again until well glazed.

Here, too, is a recipe for sweet milk rolls: Take half a pound of flour, one teaspoonful of baking powder, a pinch of salt, one ounce of butter, a teaspoonful of cold milk. Sift flour and baking powder and salt together. Rub in the butter with floured fingers, mix with the milk, add a dessertspoonful of sugar, make into rolls, bake at once. Brush over with milk when half baked and then finish.

To Know Good Linen.

There are many persons who do not know how to distinguish between the two qualities of linens. A microscopic examination of the two qualities shows that the needle cutting through the chemically bleached linen leaves broken and ragged threads. A puncture of the needle in the grass bleached linen shows that the needle simply separates the threads by passing between them. In one case the threads are bent, and in the other the threads are broken. The fibers of the chemically bleached linens are uneven, brittle and inferior; the fibers of the grass bleached linens are practically unimpaired, so that when the needle is withdrawn and the cloth rubbed and pulled the threads of the latter resume their former position, and the cloth will be as good as ever.

PATCHWORK QUILT OF SILK.

One may start a silk patchwork quilt or a cotton one, but the former is easier to make because of the softness of the silk. Scraps cut from old dancing frocks of tulle or satin in pastel colorings make very dainty quilts.

One charming quilt of this kind was evolved from a cast-off evening coat of pink faille in a delicate morning glory shade and a discarded dance frock of rose flowered pussy willow lace. The pattern was done in blocks, flowered and plain silk cut in triangles and the blocks joined with strips of pink satin ribbon. Such a quilt should be lined with plain color and thin silk and a sheet of cotton wadding laid between.

About the only use some people seem to have for a piece is that it gives them time to prepare for war.

To Have Clean Beautiful Hair

The best thing to use is kreamol, a liquid which you can get at almost any drug store.

A small amount, only one or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water, rub in a little of kreamol, massage well and then rinse in clean water. The hair dries quickly and evenly, and is fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and removes the dust, dirt and dandruff.

Do not use cheap soap or cheaply prepared shampoos if you want to keep your scalp clean and the hair soft and beautiful.

You will find kreamol very inexpensive as a four ounce bottle will be sufficient to last every one in the family many weeks.—Adv.

Kreamol is Sold at Evans' Drug Store (Warden Hotel Block), Newark, Ohio, and Ullman's Drug Store, Granville, Ohio.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time in Many Instances.

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble.

and expense of ever getting glasses. Eye troubles of every description may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one drop of water and allow to dissolve. With this liquid bathe the eye two or four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time. Note: Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good drugstore and is one of the very few preparations I feel should be kept on hand for emergency use in every family."—Prescribed by T. J. Evans and other druggists.

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save your hair! Double its beauty in just a few moments.

25-cent "Danderine" makes hair thick, glossy, wavy and beautiful.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any that has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

MISS NEWARK WILL WEAR MASK; PRIZE OFFERED FOR NAME

Two features will mark the close of "Dress-up Week"—the Buckeye band concert from 7 to 9 o'clock this evening, and the presence of Miss Newark in the leading stores from 2 to 5 o'clock, Friday afternoon.

Miss Newark, who will be impersonated by a beautiful Newark girl, will be masked and three prizes will be awarded to three persons successful in guessing her identity. The prizes are \$5, \$3 and \$2 in cash.

The advertising committee, in arranging this feature, has decreed that Miss Newark shall visit all the stores, participating in the "Dress-up Week" demonstration. She will be disguised and at no time will her mask be removed until the guessing contest is over.

Contestants will be required to write on a slip of paper the name of the person they think is impersonating Miss Newark, with the name and address of the person making the guess. The slips are to be placed in a guessing box which will be installed at the foot of the stairway leading to the Chamber of Commerce rooms, 26 1-2 North Park Place.

No more slips will be accepted after 5 o'clock. They will be shuffled and a blindfolded person will select from the box one at a time until three correct answers have been read. The first correct answer will be awarded \$5, the second \$3, and the third \$2.

Miss Newark will be garbed in the very latest mode from hat to shoes and her presence is expected to be greeted with even more attention than the live models who appeared during the week.

For this evening's demonstration, a number of the leading merchants have redraped their windows and are showing new lines of merchandise.

MAKING IT PLAIN

The Pure Food and Drug Laws aim to protect the public by preventing misstatements on the labels of preparations but some people continue to accept "extracts" of cod livers thinking they will get the benefits of an emulsion of cod liver oil.

The difference is very great. An "emulsion" contains real cod liver oil, which has had the hearty endorsement of the medical profession for many years, while an "extract" is a product which contains no oil and is highly alcoholic.

Scott's Emulsion guarantees the highest grade of real Norwegian cod liver oil, skillfully blended with glycerine and hypophosphites. Scott's is free from the false stimulation of alcohol and is endorsed by good physicians everywhere.

MEMORIAL SERVICE FOR LABOR'S DEAD ON SUNDAY, MAY 20

The Central Trades Council have arranged to celebrate Labor Memorial Sunday on the afternoon of May 20th in the High school auditorium. The committee having the matter in charge are making every effort to have this the best memorial service ever held in this city, and are going to leave nothing undone to make the service both interesting and impressive.

The relentless hand of death has invaded the ranks of labor in many instances during the past year, and a number of charters in the Central Hall are draped in mourning, and it is very fitting that those who are left should pause for a short time and drop a flower and a tear in memory of those who have passed to the great unknown.

Judge Frank Ashman of Coshocton, a member of an organized craft, and an orator of ability, has been secured to deliver the address on this occasion, and it is expected that the laboring man and woman in the city will turn out in honor of the occasion.

Besides the address of Mr. Ashman there will be appropriate decoration ceremonies, with special music and singing. The general public is invited to bear the date in mind and to assist the laboring people to honor the memory of the departed by their presence.

A complete program of exercises will appear in the daily press at a later date.

STAND SQUARELY BEHIND PRESIDENT

The regular meeting Wednesday night of The Newark Building Trades Council, unanimously endorsed the action of the Trades and Labor Assembly Sunday, March 25, and will stand squarely behind President Wilson and all war preparedness. The secretary was ordered to display the flag of our country, "Old Glory," at the meeting hall, 11 1-2 East Church street.

How to Heal Skin-Diseases

A Baltimore doctor suggests this simple but reliable and inexpensive home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles.

At any reliable druggist's get a jar of resinol ointment and a cake of resinol soap. These are not at all expensive. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

Almost any soap will clean the skin and hair. But those who want a soap which not only cleanses but actually helps the complexion and hair are wise to choose resinol soap.

ZANESVILLE GIRL THANKS TAN-LAC FOR BUILDING UP SYSTEM

WORK COMES EASIER NOW

"Tanlac helped me right from the start," said Miss Edith Kenney, who lives at 67 S. Third street, Zanesville, O., and has many friends who have been noticing how well she is looking. Miss Kenney said: "My food did not agree with me. If I drank coffee or ate meat or potatoes I was sure to feel sick for the rest of the day. The odor of cooking food and the heat of the kitchen made me so faint at times that I had to hold on to a table or chair. "I was restless and could not sleep and when I got up in the morning I would be all tired out. Many a morning I didn't know whether to start to work or stay at home. "One day when I was feeling especially bad I bought a bottle of Tanlac. It helped me right from the start. My appetite gradually came back and the food began to agree with me. "I have been taking Tanlac only a short time and my stomach never bothers me any more. I can drink coffee or eat meat and potatoes without any bad after effects. I sleep well every night, too. "I think that anyone who feels as I felt ought to try Tanlac." If you are not feeling right, get Tanlac at W. A. Erman & Son's Cut Rate Drug Store.

An Army of Internal Bathers

Over half a million bright, keen, up-to-date Americans have found that Internal Bathing is more essential to their well-being than External Bathing. Have found that taken occasionally at night they feel like different people the next morning. No more of that bilious, tired, nervous condition—but, having by Nature's own cleanser, antiseptic warm water, removed all the poisonous wastes from the lower intestine, they awake thoroughly refreshed by normal sleep with all their functions acting in healthy action. Bright, happy, clear-headed and confident, eager and capable for the duties of the day.
Mrs. Chas. Sparks, of West Union, Ohio, writes: "I received my Cascade and feel it my duty to write and tell you how delighted I am with it. I have received most satisfactory results; in fact, I have only had one headache since I began using it and it only lasted one day, whereas I always suffered from three to four. I sleep so good. I truly believe I have found relief from my awful headaches through the use of your wonderful invention. I wish I had gotten it years ago. Respectfully yours—
Why not learn more about this rapidly growing natural practice? The "J. B. L. Cascade," the original and best appliance for this purpose, manufactured by Chas. A. Fryer, M. D., is now being shown and explained by The Hudson Avenue Pharmacy, R. L. Williams, Proprietor, 322 Hudson Avenue, Corner Oak Street, Newark, Ohio.
There also may be obtained free on request Why Man of Today is Only 50 Per Cent Efficient, a most interesting booklet on the subject.

Some Things You Can Do To Make Newark Attractive

Newark's big community drive for cleanliness and health is next week, April 2 to 7, and thousands of householders are preparing for it. Some things you can do in the "clean city" campaign:
See that all rubbish is removed from your cellar, back yard and area-way. Have it placed in piles at the street curb where the street cleaning department can readily remove it.
Clean hallways of all obstructions.
Remove and clean all carpets and hangings for the summer.
Scrub floors, hallways and all unvarnished woodwork thoroughly. Use plenty of soap and hot water.
Clean all windows and keep them open to fresh air and sunlight.
Ventilate damp cellars.
Report all neighborhood nuisances, such as stagnant pools and ill-smelling refuse piles, to the health department.
Ask your landlord to repair leaky roofs and plumbing, and to repair dirty, broken walls and ceilings. Paint up.
If there is a vacant lot adjoining your house, see that it is cleaned of all decaying and refuse material.
And remember that cheerful compliance with these suggestions, and with every other effort of the health department, will help to make Newark a more healthful city in which to live.

ATTENTION!
Service Director Christian has divided the city into districts, so that the city wagons can give better service than in the past in hauling away FREE the accumulations you place at the curb in the most accessible place.
NO GARBAGE, TREE AND SHRUBBERY TRIMMINGS OR OLD CONSTRUCTION MATERIALS WILL BE REMOVED.
Accumulations placed out AFTER the day assigned to your district, will NOT be removed, but MUST be cared for by YOURSELF. Note the following instructions CAREFULLY:

SCHEDULE FOR HAULING
First District. All territory east of the North Fork, north of the Baltimore and Ohio railway. Place accumulations out Monday, April 2, for collection Tuesday, April 3.
Second District. All territory south of the Baltimore and Ohio railway shops in "Texas" and south of the Baltimore and Ohio and Pennsylvania railways, from North Fork to Raccoon creek. Place accumulations out Tuesday, April 3, for collection Wednesday, April 4.
Third District. All territory lying west of Raccoon creek and north of Shawnee branch of the Baltimore and Ohio railway. Place accumulations out Wednesday, April 4, for collection Thursday, April 5.
Fourth District. All territory east of Raccoon creek, north of the Baltimore and Ohio and Pennsylvania railways and west of Fourth street. Place accumulations out Thursday, April 5, for collection Friday, April 6.
Fifth District. All territory on Fourth street and east of Fourth street to North Fork of Licking and north of the Baltimore and Ohio and the Pennsylvania railways. Place accumulations out Friday, April 6, for collection Saturday, April 7.

BUSINESS MEN ATTENTION
The public service director requests business men to remove their own accumulations, wherever possible, and thus give the city wagons better opportunity to take care of the residential districts.

WAR CLOUDS DO NOT DEPRESS THE MARKET FOR STEEL

Cleveland, March 29.—The Iron Trade Review today says: "The experience gained in 32 months of neutrality apparently has insured the iron and steel industry to the prospect of active participation in the struggle abroad. While America's participation injects an element of uncertainty into the future, the lessons learned in the last two and one-half years engender optimism rather than pessimism. The meaning which war will hold for the steel industry is becoming clearer as the government's war program for defensive and offensive action assumes tangible form. As a corollary the government itself is learning the potentialities of the country's immense steel plants in a way that is doing much to relieve the problems facing Washington officials. Some government orders have been filled and shipped within 24 and 48 hours. Cooperation expressed in the form of steel which is imperatively needed is meeting the navy and war department on all sides. Private orders are being waived and carefully planned rolling mill schedules tossed aside in order to meet federal requirements. The effect of this injection of a huge tonnage for government requirements upon manufacturing concerns is upon the same mill for their supplies of partly or wholly finished steel is still problematical.
The occasional lifting of the cloak of secrecy thrown around government orders reveals clearly the magnitude which they may soon attain. About 190,000 tons of ship steel are involved in contracts which the navy officials are discussing with steel manufacturers at New York today.
The decisive action which the government is expected to take next week has had no appreciable effect in restraining the upward surge of prices. Pig iron quotations almost daily, and invariably ascend to new heights. Bessemer pig iron at Pittsburgh has reached the \$40 level, a gain of \$2 for the week. Basic prices have crystallized definitely at \$35. Valley furnace. Foundry iron is being held at \$38, an advance of \$1. At least two eastern Pennsylvania furnaces refuse to sell No. 2 X below \$41, against a maximum of \$40 last week. Low phosphorus has brought \$75, furnace on one lot involving 400 tons for last half delivery. Another lot of 2,000 tons brought \$70. Virginia iron is bringing \$36, furnace, for No. 2 Z, Northern No. 2 foundry and malleable have been advanced to \$38 at Chicago. Buffalo irons are held at \$39 to \$40. Foundry iron at Ironton commands \$36, with Alabama foundry bringing \$30 to \$32.

OHIO WOMEN ARE READY TO TRAIN FOR WAR SERVICE

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 29.—Actual training of women in Ohio for operation of motor vehicles to be used in transporting supplies for troops in case of war will begin in Columbus next Tuesday, when the local branch of the National League for Women's Service will open a school of instruction for women.
The instruction will be given by men in an automobile shop. The women will not only be taught how to run a car but will be instructed in making simple repairs to the engine and how to put on new tires and adjust the magneto, lubrication and carburetor. Miss Lucile Atcherson of Columbus, is enlisting women in the motor unit and already has a large number of applicants. The course of instruction will last five weeks.
Social service units also are being organized, so as to include all classes of women. Dean Carolyn Breyfogle of Ohio State University is active in the work of the league and expects to enlist practically all of the 1,300 girl students at the university in some branch of the service.
It is planned to have a complete catalogue of all women in Ohio whose services might be valuable to the country in case of war. Miss Harriet Mason of Cleveland, is in charge of the work of the league among women of the rural communities. Mrs. Hoadley of Cincinnati, wife of former Governor Hoadley, is head of the Ohio branch of the league.

KEEP YOUNG

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Here's a Newark case:
"Mrs. Wm. H. Deenis, 50 German St., says: 'At the age of seventy-two I'd like to see some woman thirty years younger outdo me at my work. I can do my washing as quickly now as I did forty years ago. The secret of it is my kidneys are all right and I have a good, strong back, thanks to Doan's Kidney Pills. For three years, I felt my age keenly and was in a mighty bad way with dropsy and general kidney trouble. Several doctors gave me medicine, but they didn't help me any and I was discouraged. Doan's Kidney Pills proved good as soon as I began taking them and a few boxes cured me.' (Statement given September 17, 1914.)
On February 8, 1917, Mrs. Dennis said: 'My kidneys are now in a healthy condition and I certainly can't complain. For a woman of my age, I think I speak well for Doan's Kidney Pills. They cured me and that cure has been a lasting one.'
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Dennis has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement) 3-26-29

A Long Drought.
A Western Congressman, in discussing the droughts that sometimes afflict his State, tells this story:
"One day some one asked an old farmer, 'How would you like to see it rain?'
"I don't care about it myself," said the old man, "but I've got a boy six years old who would like to see it rain."—Harper's Magazine.

Miss Dorothy Frooms, prominent society girl of Brooklyn and famous for accomplishments in a number of varied directions, planned a trip from New York to Washington in an aeroplane. She was warned by military authorities, however, not to take the trip lest she be shot if she passed too near the forts along the route.

Tried Fruitola and Traxo and Has Never Since Been Troubled with Gall Stones.

Mrs. Mary E. Franse, whose address is West Point, Nebr., Box 411, has written to the Pinus Laboratories a very strong endorsement of Fruitola and Traxo. "About ten years ago I was about to undergo an operation for gall stones when I heard of your medicine. Dreading an operation above everything, I determined to try Fruitola and Traxo and have never been sorry I did so, as I have never been troubled with gall stones since." Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus Laboratories in Monticello, Ill., and can be purchased in drug stores; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. AUDITORIUM.
Last Night's Show.
Last night's attraction at the Au-
ditorium "A World of Pleasure" pleased
a fair sized audience, after having
played to a very small matinee. The
cast of the big White Garden show
was much balanced and the scenery
was striking and well executed. The
costumes were the finest seen here for
some time, and the many specialties
were new, novel and entertaining. The
best number perhaps being "The Rag
Doll Dance" by Helen McCaigan and
Maurice Diamond. The tableaux at the
end of the first act in which the na-
tional colors were used as a back-
ground with the members of the
chorus draped in same, was inspiring
and sent thrill of patriotism through
the audience. Everyone arose while the
orchestra rendered the national air.

"Ikey and Abey" Tonight.
The Auditorium tonight offers Geo.
H. Bubb's most famous musical farce
comedy, "Ikey and Abey," built for fun
only. Good company, excellent ac-
tresses and the management offers
what he considers the best possible for
the price. Popular prices, rule for this
attraction. Seats at 25c, 35c, 50c, 75c.
One of the best funmaking companies
of the season. Many have read of "seen
Potash & Perlmutter," if not we advise
you to see "Ikey and Abey" tonight at
the Auditorium for you will sure en-
joy one of the heartiest laughs of the
show season, for it is a concoction of
comedy and fun in three doses.
Seats are selling and the highest priced
seat is not above 50 cents, so all can
see it, bring the kiddies and the whole
family.

"Sister Against Sister."
Never has the power of environment
to pervert or reform a man's children
been shown with such vivid force as in
the new William Fox picture drama in
which Virginia Pearson stars, "Sister
Against Sister."
The sisters, Katherine and Anne—
both played by Virginia Pearson—are
parted when their pool but respect-
able parents separate over a petty fam-
ily quarrel. Katherine goes with her
father and is dragged rapidly to the
bottom of the social pit. Her father is
killed in a street row, throwing the
girl into the slums.
Anne has lived in the refining influ-
ence of her mother.
This feature together with Charlie
Chaplin in "The Freeman," a two reel
comedy will be the attraction at the
Auditorium Friday. A most wonderful
program is promised. Auditorium pic-
ture fans.

Vogel's Happy Inspiration.
There is a good reason for one of
these fascinating periods wherein the
appetite for pleasure is whetted to an
almost uncontrollable extent, sharpened
to the last degree by keenness by
anticipatory interest in the new man-
ner of show that comes to the Au-
ditorium Saturday afternoon and even-
ing.
Imagine, if you can, a huge ensemble
of grand and comic opera celebrities
minstrel folk, noted farceurs assembled
in a team of the purpose of put-
ting their efforts in one grand en-
tertainment. That is what you will
see and hear in John W. Vogel's brand-
new "Happy Inspiration" Minstrels. Three
sorts of satisfying amusements welded
into an almost endless chain of mirth,
song and color, the most charming of
theatrical and picturesque settings
giving the producer the right to add
extravaganza to his title. There are
two acts and fourteen scenes, the pre-
fated number being medley composed
of popular operatic selections that
serves to introduce every member of
the large company. Mr. Vogel's brand-
new symphony orchestra of fourteen
selected soloists. Then comes the first
part, that pleasurable portion of min-
strelsy, with its own vocal accompani-
ment, twenty-five trained male
and female voices and the fourteen
symphony instrumentalists, all fittingly
dressed for the festive in the first
order is the olio, or vaudeville, and
finally the opera, the piece de resis-
tance, as it were, of this wonderfully
united party. The necessity of the
unusually large orchestra makes it
possible for Mr. Vogel to have a band
of considerable worth, therefore, the
concert for the festive in the first
order is the olio, or vaudeville, and
finally the opera, the piece de resis-
tance, as it were, of this wonderfully

It's to Be a Season Of Dresses

At this time when every woman is planning her spring outfit, we invite you to see our unusually large showing of handsome dresses. At no time during the season will the display contain so many beautiful models as right now, when we are making special displays for Dress-Up Week and Easter.

Come in Tomorrow

and let us show you the many beautiful styles. Handsome dresses for sport, street or afternoon wear, in every popular color, in pretty taffetas, and Georgette crepes. The use of pastel shades for embroidered designs is a marked feature not only on the dressy gown, but on street dresses. Other models show the barrel silhouette but noticeable on all are the straight lines, the natural figure effects being secured by the use of belts, sashes or trappings.

For Early Spring wear

Without a coat, the light weight French Serges are very fashionable. Made in the long straight dresses, showing pretty motifs in trimming effects, by using colored embroideries, fancy buttons and Grecian cords. Colors are black, navy, open, black and white checks.

You'll Like---The Betty Wales Dresses

They are handled by us exclusively in this community; they are specially adapted for girls and youthful women—and the selection of one now, will mean permanent style satisfaction throughout the season. They are shown in both silk and wool.

Granville

[Special to The Advocate]

Granville, March 29.—The election of Prof. C. E. Goodell to the presidency of Franklin College, which was featured in the Indianapolis papers yesterday, will take from Denison one of her most successful and popular educators, and from Granville one of its most prominent families. While congratulations are being showered upon the head of the political science department of Denison for this great honor bestowed by his Alma Mater, it is a matter for personal regret that both Professor Goodell and his charming wife will be lost to the social and professional life of the village where for fourteen years they have taken prominent part. That Professor Goodell is a successful executive has been amply demonstrated by the ever increasing enrollment of the Denison Summer school of which he has been dean for a number of years. He has two sons in college, who are members of his own fraternity, Phi Delta Theta, with headquarters on Prospect Hill.

Wednesday afternoon the Women's Music club presented a delightfully varied program at the home of Mrs. C. D. Coons in East Broadway, with Mrs. C. W. Henderson as leader. As a variation on her current events, Mrs. C. B. White took occasion to pay a deserved tribute to Prof. K. H. Eschman, director of Denison Conservatory, not only for his brilliant musicianship but for the sterling qualities which make of him a citizen to be proud of, a man to be emulated. In her estimation the college has been fortunate in having had men of this type at the head of the conservatory for the past decade and more. The program opened with a "Theme of Beethoven" for two pianos, played by Misses Ruth Rockwood and Laura Wright. A group of songs by John Alden Carpenter were sung by Mrs. Marian Rose Johnson and played by Miss Imogene Hamblen; "When I Bring You Colored Toys," "When Death Will Knock at My Door," "The Sleep That Flits on Baby's Eyes." A group of piano pieces by Campbell-Tipton, Francis Hendricks and John Alden Carpenter, were contributed by Mrs. Paul Bielefeld; "Know'st Thou the Land?" from Mignon, and Bleichmann's "The Brook," were beautifully interpreted by Mrs. Fred Detweiler, contralto, accompanied by Mr. Detweiler. Schumann, Moszkowski and Jensen in three piano numbers were the offering of Mrs. R. W. Soule, and the program closed with a charming chorus by Tons V. Saare, sung by Miss Howland, Mrs. Rohrer, Mrs. Loveless, Mrs. Coons, Mrs. Detweiler, Mrs. Carter.

Hostesses for the afternoon were Mrs. Paul Bielefeld, Mrs. Ben Woodbury, Mrs. Roe Morrow, Mrs. Elsie Carter; guests of the club were: Mrs. H. W. Howe, Mrs. John Geach, Mrs. Fred Buxton, Mrs. John Evans, Mrs. Arthur Davidson, Cincinnati; Miss Ruth McKibben, Cleveland; Miss Claire Geach, Birmingham, Alch.; Miss Ruth Hopkins, Mr. Fred Detweiler.

Beta Theta Pi closed the term last evening with a delightfully appointed dinner-dance of thirty-six couples. Dinner was served at 5, dancing began at 7:20 and closed at 12. Prof. and Mrs. R. W. Soule were official chaperones, and out of town men present were: Sam McDowell, George Daniels of Ohio State University, and Nelson Rupp and Gloyd Stankard of Dayton.

Why Society Women Wash Their Own Hair

They do, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. They have found that in washing their hair it is never wise to use a makeshift but is always advisable to use a preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made canthrox mixture. You can use this at a cost of about three cents a shampoo by getting some canthrox from your druggist, and dissolving a teaspoonful in a cup of hot water. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you.

MERCHANTS ARE WARNED TO WATCH SHOPLIFTERS

The Chamber of Commerce, which exchanges reciprocal relations with the Ohio Commercial Secretaries' Association, has received the following notice from The Retail Merchants' Association of Canton:

"Professional shoplifters are working Ohio cities, and cloak and suit departments have suffered losses of thousands of dollars in the large stores the past week, particularly in northern Ohio.

"Notify your merchants at once, especially of that class. If detected, wire us at once and we will co-operate in their prosecution.

"They seek only high priced suits, \$40 to \$50.

"Kindly report any experience as above."

The Mercantile Bureau of the Chamber is notifying stores carrying lines of cloaks and suits to be on the lookout.
